**Hi again!** In typical Minnesota politics fashion, a special session has been called right after we hit the send button on our regular Government Relations Update. So I'm back in your inbox with a special alert this afternoon about a Special Session happening on Monday.

Thank you to [Performance Foods](#) for sponsoring this update! [Click here](#) to view all sponsorship options.

## Session Snapshot

**The latest:** The legislature will meet on Monday, June 9<sup>th</sup> at 10:00 a.m. and will have until 7:00 a.m. on Tuesday, June 10<sup>th</sup> to complete their work. They will have just 21 hours to pass 11 budget bills and 3 standalone bills.

**Why it matters:** The [working groups](#) assigned to finalize these budget bills have almost all completed their work. The Transportation committee is meeting this afternoon, and the Health & Children and Families bill and the Capital Investment bill will need to be finalized before Monday's session.

**Go deeper:** The details of the agreement, and the time limit on how long special session can last, signal an urgency by leadership to get the budget passed before Governor Walz needs to send out layoff notices on June 10<sup>th</sup>.

- No amendments to any of the bills will be permitted by leadership, unless by unanimous consent of the legislative leadership and the governor.
- Rules requiring three readings on three separate days for final passage of bills will be suspended to accommodate the time crunch.
- Three additional bills will be moving through that were not included in any budget bill: Modifying MinnesotaCare for Undocumented Adults, Data Center Bill, and the Technical Revisors Corrections Bill.
